

NEW – Mercury Recovery Program

The Transfer Station will now be accepting the following items containing mercury on Saturdays ONLY between 9am-12:00pm at the mercury shed located in the upper portion of the lot, near the building.

Do not throw Fluorescent Bulbs in the trash. Fluorescent bulbs come in a variety of shapes in sizes:

2' & 4' straights

Round

U-Shaped

Compacts

The shed will also accept:

- Thermometers containing mercury
- Thermostats
- Switches
- Manometers
- Button-Cell Batteries
- Nickel Cadmium Batteries.

Please place your items for recycling in the appropriate bin in the shed. Thank you for helping to protect the environment and human health by recycling.

The mercury shed was generously provided by Wheelabrator Technologies Inc.
